4	User is able to register even after logged in to the application	1. Login to the application using valid username and password 2. Edit the URL as https://buggy.iu.sttestit.org/register And hit 'Enter'	Application should not allow the user to register when the user is already logged in and the session is active	System is allowing to do the registration even after login		Severity 1

5	Sorting is not working for 'Rank' column in the Overall Rating page	1.Login to the application 2.Click on 'Overall Rating' card 3.Sort by 'Make' 4.Then sort by 'Rank'	Car list should be sorted by 'Rank' value	List is not sorted by 'Rank' valye	 <p>The screenshot shows a web application titled "Buggy Cars Rating". It features a table with columns: Make, Model, Rank, Miles, Engine, and Comments. The table lists four cars: a red sports car, a silver sedan, a black sports car, and a yellow truck. The "Rank" column values are 1, 11, 11, and 12 respectively. A red circle highlights the "Rank" column header and the first two rows of data, indicating that the sorting is not working as expected.</p>	Seve rity 2
